OPERATING GUIDELINES

MMC Document No. 2

I. SCHOOL LEVEL:

1. It is recommended that schools conduct their own mini-competition using a written exam by grade level to determine the best candidates who will join the MMC elimination rounds.
2. The top three students per grade level who will obtain the highest scores will represent the school in the Elimination Round.
Note: The elimination round is open to ALL interested schools, both private and public. It is suggested that school districts should not conduct their own elimination to choose contestants for the whole district. This is to give each school equal chances of joining.

3. There shall be a maximum of (18) pupils for Elementary and/or (12) students for Junior High School in every participating school, broken down as follows.

Example:	School A (Elementary)					
Grade	1	2	3	4	5	6
Number of Pupils	3	3	3	3	3	3
Total	18					

Example:	School A (Junior High School)			
Grade/Level	7	8	9	10
Number of Pupils	3	3	3	3
Total	12			

Note: For NCR, four (4) student contestants will compete for Grades 1 to 5 and Grades 7 to 9, while for Grades 6 and 10 only three (3) students per school will compete.

4. All participating public and private schools outside NCR are required to accomplish a one-page Registration Form (MMC Form No. 1), a photocopy of which should be sent directly to the DepEd Division Math Supervisor in-charge on or before November 17, 2017.
5. The School contestants and their respective coaches must present the original copy of MMC Form No. 1 to the registration in-charge together with their identification cards during the Elimination Round on January 11, 2018 (Elementary) or January 12, 2018 (Junior High School). This serves as permit in joining the competition. "No permit, No Entry" policy shall be implemented.
6. ALL public and private schools in NCR must accomplish an online registration via the MMC portal: <http://onlineportal.metrobankmathchallenge.com> on or before November 17, 2017.
7. The DepEd Division Math Supervisors shall then collate all MMC Form No. 1 submissions and accomplish the summary of participants (MMC Form No. 2) ONLINE indicating the testing centers and the total number of students per grade per testing center through an MMC online portal on or before November 24, 2017. Instructions are in MMC Document No.

4. Failure to submit may be a ground for disqualification of the Division in conducting the elimination round, which is scheduled on January 11-12, 2018.

II. ELIMINATION ROUNDS

8. The DepEd Division Math Supervisor shall be in-charge of the preparation, implementation and documentation of the Elimination Rounds competition. He/she will also be responsible for settling all questions, including protests, which may arise in the course of the competition, or a panel of advisers may be formed by the Schools Division Superintendent.
9. The test materials shall be prepared by the MMC secretariat and transmitted through the pre-assigned Metrobank branch for each Division. The pre-assignment and matching will be done by Metrobank Foundation.
10. In case there is no Metrobank branch in the area, the test materials shall be delivered directly to the DepEd Division Office/s addressed to the Schools Division Superintendent.
11. The concerned Branch Manager or Schools Division Superintendent shall turn over the questionnaires personally to the Division Math Supervisor on January 10, 2018 for Elementary and January 11, 2018 for Junior High School.
12. The Division Math Supervisor shall then turn over the questionnaires to the Testing Center Coordinators on the same dates. A certification on top of the package which contains the questionnaires will be signed by the Metrobank Branch Manager, Schools Division Superintendent, the Division Math Supervisor, and the Testing Center Coordinator to document the said turnover of test questionnaires.
13. A Division may have one or more testing centers depending on the distance between the schools, the size of the Division and the number of participating schools. It will be feasible to have one center per District for the elementary category. For the Junior High School category, a cluster of towns may have one center. A cluster of City Divisions with very few Secondary schools may also have just one center.
Example: Suppose Division A has 20 participating schools. Then, there will be 20 x 3 or 60 students/grade level or a total of 360 pupils from Grades 1 to 6 who will take the test in the Center. If those 20 schools are very far from each other, the Division may have more than one center for them.
14. The test materials will be opened publicly by the Testing Center Coordinator just before the start of the competition at 8:00 a.m. A short opening program may be conducted where the materials will be officially opened. A certification will be signed by the Testing Center Coordinator and selected proctors to document the proceedings.
15. In case the number of questionnaires sent is not enough, photocopying is NOT ALLOWED. Only pre-registered participants shall be allowed to take the test. Thus participating schools must ensure that they submitted a photocopy of their MMC Form No. 1 to their local DepEd Divisions and that the date encoded online (MMC Form No. 2) are submitted on time and accurate.

16. The Elimination Round should be held simultaneously in all regions nationwide on January 11-12, 2018 at 8:30 a.m. As agreed upon by the MMC National Steering Committee, conduct of the contest other than this schedule is not allowed.
17. The test papers will be corrected using the answer key provided. Please refer to the Guidelines in Checking the Test Papers.
18. The winners of the elimination round should be announced as soon as test papers are corrected and within the date of the competition. In case the results will not be released because of a valid reason (i.e. too many schools joined and the assigned correctors will not be able to finish checking the test papers on time), the Division Math Supervisor should announce the results not later than January 15, 2018.
19. Announcement of results of the elimination round should be formalized through the issuance of a DepEd Division memorandum circular.
20. Concerned Division Math supervisors are also required to post the results of the elimination round ONLINE via the MMC portal.
21. The school scores of the whole Division per grade shall be ranked from highest to lowest. Please refer to the MMC Document No. 3 (Contest Mechanics) Item no. 13 for the guide in computing the total scores for participating schools.
22. The top 6 to 20 highest scoring schools qualify to participate in the Division Team Finals competition. The number of teams qualified to join the Division Finals is dependent on the number of participating schools in the elimination rounds. Please refer to matrix below:

Number of Participating Schools	Number of Teams to Qualify in the Division Finals	Number of Participating Schools	Number of Teams to Qualify in the Division Finals
15 or fewer	Top 6	31-35	Top 14
16-20	Top 8	36-40	Top 16
21-25	Top 10	41-45	Top 18
26-30	Top 12	46 or more	Top 20

Note: 20 is the maximum number of teams because based on experience, it is the most manageable number for an oral team competition.

23. The DepEd Division Math Supervisors shall then submit the summary of the number of teams which are qualified to join the Division Finals (MMC Form No. 3) ONLINE through the MMC online portal on or before January 15, 2018. Delay in the submission will cause delay in sending the test materials.
24. Certificates of Merit shall be awarded to students from Grades 1 to 10 who qualify under the following conditions in the Elimination Rounds based on their performance:

Rank	Grade 1 and 2	Grade 3 and 4	Grade 5 to 10
1 st Honors	For those who get 27 or more correct answers	For those who get 36 or more correct answers	For those who get 45 or more correct answers

3 rd Honors	For those who get 21 to 23 correct answers	For those who get 28 to 31 correct answers	For those who get 35 to 39 correct answers

MMC Document No. 3

I. ELIMINATION ROUNDS

1. The contestants from each participating school shall take the elimination round in a testing center designated by the Division. The elimination round is a written test.
2. Contestants register by sending a copy of their MMC Form No. 1 to the local DepEd Division on or before November 17, 2017. Upon registration on the actual date of the elimination rounds, they should present the original copy of MMC Form 1 and contestants shall be assigned their testing rooms.
3. For NCR schools, ALL public and private schools must accomplish an online registration via the MMC portal: <http://onlineportal.metrobankmathchallenge.com> on or before November 17, 2017.
4. Contestants in a testing room must be of the same grade level. Students from the same school must not sit beside each other nor one behind the other.
5. Contestants are NOT allowed to bring cellphone, ipad, ipod, camera, calculator, laptop computer, and other gadgets inside the testing room.
6. The proctor shall distribute first the scratch papers where the contestants shall solve the problems. Contestants should write their names in all the scratch papers.
7. Before distributing the test papers, the proctor should tell the contestants that they should write only their name and school on the test paper. No one should begin answering the questions unless the proctor gives the signal to do so.
8. The proctor tells the contestants that only the final answers must be written on the test paper. All solutions shall be placed on the scratch papers which should also be turned over to the proctors together with the test paper.
9. The proctor informs the contestants of the time limit for the test. He gives the signal for the contestants to begin. Then, he writes on the board "Time Started: ____ " and "Time Ends: ____ "
Duration of the test:

Grade Level	Time Allotment
Grades 1 and 2	60 minutes
Grades 3 and 4	80 minutes
Grades 5 and 6	100 minutes
Grade 7 to 10	2 hours

10. Proctor gives 15 minutes and 5 minutes warning before the time is up. All test and scratch papers should be collected when the time is up.

13. The papers shall be corrected using the answer keys provided. Answer keys shall only be opened just before correction begins. Each correct answer merits one point.
14. The scores of the top two contestants of a school by grade/year level shall be added to form the school's score. Suppose the scores of the (3) contestants of School A in Grade 1 are as follows:

Efren: 32

Rosa:35 Jose: 38

- The score of School A will be $35 + 38 = 73$. The Grade 1 team from School A will be composed of Jose and Rosa.
- Assuming School A qualifies to compete in the Division Team Finals, Efren will be the alternate if either Rosa or Jose is not available on the date of the competition.
- If in case both Jose and Rosa are not available to compete due to unforeseen circumstances, Efren will not be allowed to compete alone. Thus, their team will automatically be disqualified. SUBSTITUTION IS NOT ALLOWED.

 - b. For the 30-second questions, scratch paper will be provided for each team-contestant. Contestants may begin solving as soon as they wish.
 - c. For 1-minute questions, a copy of the questions will be provided for each team. Scratch papers will be provided.

20. Proctors will collect the answer slips and give them to the judges who sort them into two sets: those with correct answers and those with wrong answers.
21. One of the judges will announce the teams with the correct answer. The scorers record the points obtained by each team for each correct answer.
22. Answers must be given complete with units and to the required accuracy. However if the unit is already given in the way the question is asked, it need not be given in the answer.
23. The teams will be ranked according to their total score in the three parts to determine the winners.
